

Be a Voracious Reader

Voracious means to do a lot of something, and still want more of it. Voracious readers want to read, read, and read some more! When you read a lot, you become an even better reader.

You can be a voracious reader by:

- Finding good-fit books that you enjoy reading.
- Visiting the library and checking out new books.
- Keeping your eyes on a book and reading the whole time during Read to Self.
- Reading at home every day.

You can also visit [Big Universe](#) to read books on your computer or tablet!
